# CRYSTAL BRITE

## Environmentally Responsible Floor Finish

### Description:

Daycon Crystal Brite is certified by Green Seal™ to meet their GS-40 environmental standard for Industrial and Institutional floor care products based on its reduced human and aquatic toxicity and reduced smog production potential. Crystal Brite is a sealer/finish that exhibits excellent durability and burnish response. It is zinc-free and alkyl phenyl ethoxylate (APE) free. It contains no phthalates, and is low in VOC content. It has excellent scuff, scratch and heel mark resistance, and retains a high gloss under heavy traffic conditions. Crystal Brite meets or exceeds the CSPA and UL slip resistance standard of 0.5 minimum as tested on a James Machine by an outside laboratory in accordance with ASTM D2047-99 or UL Method 410.

**Green Certification Statement:** This product meets Green Seal™ Standard GS-40 based on effective performance and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

### Benefits:

- GS-40 Certified
- Contains no zinc or other heavy metals.
- Self cross linking
- Sealer/Finish
- Contains no alkyl phenyl ethoxylates (APE)
- Contains no phthalates
- Low VOC
- High initial gloss
- Extremely durable
- Extremely clear finish
- Does not yellow
- May be dry burnished

### Specifications:

Appearance:	Opaque liquid
Color:	White
Odor:	Mild acrylic
Total Solids	20% minimum
Use dilution:	As is
Coverage (First coat)	1500-2000 sq. ft./gal
Coverage (Recoating)	2000-2500 sq. ft./gal.
Storage Stability:	Two years minimum in sealed container
Protective Clothing:	Neoprene or nitrile gloves. Splash proof safety goggles.
VOC, % as is:	4 (equivalent to about 40 gm/l)
Product Conformance:	Manufactured by an ISO 9001:2015 registered company.

### Comments:

Improper use may result in an increase in the risk of health effects. Only a neutral cleaner such as **Kleer 'n Brite** should be used for normal maintenance. Crystal Brite can be removed with **Daycon Meteor**. It has excellent dry burnish response with a **beige pad**.

**Directions:** Top scrub the floor with a peach or blue pad using a solution of 1 oz. per gallon of Kleer 'N Brite Neutral Cleaner. After top scrubbing, burnish the floor with a beige pad, or natural hair pad followed by a beige pad if the floor has excessive scratching, then apply 3-4 coats of Crystal Brite. If the current level of floor finish is beyond repair, first strip the floor using Daycon's Meteor (GS-40 Compliant Stripper). After stripping, rinse with a solution of 1 oz. Kleer 'N Brite per gallon of water. To ensure all stripper is picked up, rinse the floor at least two times. The floor may then be recoated with 3-5 coats of Crystal Brite. Maintain Crystal Brite with a dust mop, a damp mop with neutral cleaner, and a beige pad to burnish. Floor should be dry burnished until the finish stops responding. To help restore gloss, burnish using Maintainer Plus, Sunrise, Burnishing Gel #27, or R-T-U Express.

**Product Disposal:** This product is non-hazardous material. Dispose of in accordance with local, state, and federal regulations. It is recommended that the high density polyethylene container and any corrugated packaging be recycled.

**Packed:**

Packaging/Description	Item Code
Gallon (4 per case)	628909
5 Gallon Pail	CRYSTAL5GAL

**Date:** April 11, 2017
