# DURASHIELD

## Glossy Protective Seal for Duranotic Aluminum

### Description:

Durashield is a protective coating for duranotic aluminum. It adds luster to the treated metal while protecting it from the weather and pollution. It is a silicone based formulation containing a low odor solvent, which makes it more pleasant to work with on indoor projects. Durashield provides protection up to 2 years on metal, depending on the climate and pollution in the area.

### Benefits:

- Easy to apply: wipe on, let dry 3-5 minutes, lightly buff out
- Restores luster and depth of color to surface
- Not oily or sticky; actually resists soiling
- Prevents many paint and ink type graffiti material from sticking to surface
- Not removed by water or most detergents

### Specifications:
