ALL PRODUCTS ARE BIODEGRADABLE AND WATER-BASED

Lift Off #3 Pen, Ink & Marker Graffiti Remover is a water-based, biodegradable formulation designed to effectively remove stains and graffiti of an ink nature such as ball point pen, fountain ink, and permanent markers. Consumers love using it to remove ink stains, and contractors claim it's ideal for removing permanent markers stains and graffiti. Designed to work effectively on difficult hard surfaces like buses and phone booths, Lift Off #3 can be used on delicate surfaces such as clothing and fabrics.

For Carpets, Upholstery, Clothing and Non-Washables:

1. Test for colorfastness by spraying in an inconspicuous place. If non-washable, place a clean, white cloth or paper towel underneath when possible.
2. Blot ink stains.
3. Spray stain thoroughly, wait at least 60 seconds.
4. Gently agitate (the back end of toothbrush works great). Blot with clean white cloth or paper towel and rinse off. Repeat process if necessary.

For Washables:

1. Spray stain thoroughly, wait at least 60 seconds.
2. Agitate if necessary. If needed use toothbrush or the blunt end of the toothbrush to vigorously work the stain out of the fabric.
3. Launder as manufacturer's recommendations allow. Repeat if necessary.

It's Dynamite on Countertops, Blackboards, Floors and Tiles:

1. Spray stain thoroughly, wait at least 60 seconds.
2. Wipe with a clean towel. Repeat if necessary.
