Date:

December 3, 2018

Description:

PCS is a detergent booster and safe oxygen bleaching agent. When added to detergent solutions it will brighten colors, and remove or lighten many stains. PCS can be used safely on carpets (except naturally dyed Orientals and imports), all fabrics, wood, wall paper, all plastics, paint, marble or other stone surfaces, metals, and concrete. It can be used with all types of alkaline or neutral detergents to boost their performance in such areas as:

- Carpet shampooing or extraction
- Concrete cleaning
- Floor and wall cleaning
- Pool and patio cleaning
- Fiberglass cleaning
- Laundry
- Grout cleaning
- Coffee pots and urns
- Stables and kennels
- Wood decks
- Trash rooms and receptacles

PCS is environmentally safe and can be used in septic systems. Residue will not harm animals or plants.

Benefits:

- Safe on all fabrics and most colors
- No chlorine
- Odorless
- Mixes safely with all non-acid cleaners

Product Disposal:

Dispose of in accordance with local, state, and federal regulations. It is recommended that the high density polyethylene container and any corrugated packaging be recycled.
