TRIAD PLUS

Encapsulating Carpet Cleaner Formula

Description:

Triad Plus is a state of the art formula for use in carpet extraction, shampooing, bonnet cleaning, and spotting. It may be used in all extraction equipment and on all types of carpet. Triad Plus is highly effective on oily types of soil as well as most other common soils and stains. This unique blend of detergents is safe on stain resistant carpets because of its low alkalinity and it is easy to work with because there is no need to add defoamers, brighteners, or odor counteractants. Triad Plus contains an encapsulating polymer that traps soils and allows them to be vacuumed up without re-soiling. It enhances the soil resistance of the carpet, allowing the carpet to stay clean longer. Triad Plus is Green Seal™ certified according to Green Seal's GS-37 (2009) standard for industrial and institutional. Triad Plus is also approved for use by the Carpet and Rug Institute (CRI). Triad Plus is packaged in recyclable containers.

Green Seal Certification Statement: This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

Benefits:

- High-efficiency deep-cleaning formula
- Low foaming
- Built-in odor counteractants
- Contains an encapsulating agent
- Enhances the soil resistance of the carpet
- Safe for stain resistant carpets (low alkalinity)
- Biodegradable, phosphate free
- Will not cause carpet brown-out
- No VOC's
- Green Seal Certified and Carpet and Rug Institute Approved

Specifications:

Appearance/Color:	Clear liquid
Color:	Pale pink
Odor:	Morning mist
Use Dilution:	1:42 – Carpet Extraction, Bonnet Cleaning, Spotting
Storage Stability:	Two years minimum in sealed container
Protective Clothing:	See Safety Data Sheet (SDS)
VOC's, % as is:	0.0
Product Conformance:	Manufactured by an ISO 9001:2008 registered company.

Comments:

Improper use dilution may result in damage to surfaces and may increase the risk of health effects. This product is recommended to be used with cold water from the tap. Always, test the cleanability of cotton and oriental carpeting before you use any detergent extraction system.

Product Information Sheet: Triad Plus

Directions: This product is recommended to be used with cold water from the tap at a 42:1 dilution ratio or 3 oz. per gallon of water. Use for carpet extraction, bonnet cleaning, and general purpose spotting.

Product Disposal: This product is non-hazardous material. Dispose of in accordance with local, state, and federal regulations. It is recommended that the high density polyethylene container and any corrugated packaging be recycled.
