Comment:

Improper use dilution may result in damage to surfaces and may increase the risk of health effects. Daycon's Spectra System 3 Renew - 305 is a versatile and safe cleaner for all hard surfaces.

Directions:

Insert bottle into any Daycon Spectra System 3 dilution control system and dispense product accordingly, into bucket. This product is recommended to be used with cold water from the tap and is dispensed at a 1:256 dilution ratio. Use on floors, walls, or any hard surface. Spectra System 3 Renew - 305 does not require rinsing.

Packaging:

Gallon (4 per case)
Item Code: 103305

Date:

April 11, 2017

Description:

Spectra System 3 Renew-305 has been certified by Green Seal™ as meeting their GS-37 environmental standard for Industrial and Institutional cleaners. It is a neutral synthetic detergent formulated to remove dirt, oil, grease, food, beverage spills, and other soils from finished floor surfaces without dulling the gloss, or harming, softening, or discoloring the floor finish. An excellent general purpose cleaner, Spectra System 3 Renew-305 is safe for use on unfinished marble, slate, and sealed wood. It contains no alkali, and softens water to prevent spotting or streaking. Spectra System 3 Renew-305 is readily biodegradable, and doesn't require rinsing when used at or below four ounces per gallon. Leaves a pleasant orange blossom fragrance as it cleans. Spectra System 3 Renew-305 is packaged with dilution-controlled tamperproof inserts. This product is ready for quick-and-easy connection to the Spectra System 3 dispensers.

Green Seal Certification Statement: This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

Benefits:

- Green Seal™ Certified
- Leaves no alkali residue
- Highly concentrated— economical
- Can be used for walls, woodwork, counters, tables, and wallpaper
- Helps condition floor for dry burnishing
- Will never harm floor finish at any concentration

Product Disposal:

This product is non-hazardous material. Dispose of in accordance with local, state, and federal regulations. It is recommended that the high density polyethylene container and any corrugated packaging be recycled.
