GREAT STUFF

Odor and Stain Eliminator

Description: Great Stuff is a technologically advanced odor controller and stain eliminator. It's designed for use on both hard and fabric surfaces. It combines long-lasting biotechnology with state-of-the-art odor control chemistry to rapidly bind odor and stain causing molecules so they can be immediately degraded. It effectively removes organic stains such as grass, chocolate, red wine and steak sauce. It is especially effective in neutralizing odors caused by smoke. Use in bathrooms, nurseries, schools, daycare centers, fitness facilities, laundry rooms, loading docks, hotel and motel rooms, and anywhere mal-odors are a problem. Great Stuff is biodegradable, contains no VOCs or solvents, and breaks organic residues down to carbon dioxide and water.

- Benefits:**
- Formulated for hard surfaces and fabrics
 - Contains no solvents
 - Neutralizes smoke odors
 - Removes odors and stains
 - Contains no VOCs
 - Biodegradable
 - Contains no caustics or acids

Specifications:

Appearance:	Hazy liquid
Color:	Amber
Odor:	Wild Berry
Use Dilution:	As Is
Storage Stability:	2 year at 35° F - 95° F
Protective Clothing:	See Safety Data Sheet (SDS)
VOC, % as is:	0
Product Conformance:	Manufactured by an ISO 9001:2008 registered company.

Comment: Shake product well before use. Bacteria Type: Blend of Bacillus Spores

Directions: Shake product well before use. Spray stained surface or odor source evenly, until it is slightly damp. Odors will lessen immediately and stains will fade as the surface dries. If any stain remains, reapply. For tougher stains, thoroughly wet the surface and cover with a moist cloth or plastic liner to keep the surface moist for a longer period of time.

Product Disposal: This product is non-hazardous material. Dispose of in accordance with local, state, and federal regulations. It is recommended that the high density polyethylene container and any corrugated packaging be recycled.

Packed:

Packaging/Description	Item Code
Quart (6 per case)	ND32051

Date: May 29, 2013
